## DESCRIPTION

---

ROYAL KING—A heavy bearer of large, blocky, smooth, bright, thick meated, uniform peppers. We think much of this pepper. We believe it comes nearer having all the good qualities desired in a pepper of this type than anything on the market. As a shipper, it is ideal, because it is the best of keepers, proper shape for packing, smooth and bright. For the home and pickling trade it is perfect—just the right shape and size for stuffing. We are originators and headquarters.

---

RUBY KING—Our pure strain of this old standard pepper has given wonderful satisfaction. It has proven itself as being extra early, a heavy bearer, large and uniform, flesh sweet and tender, shape good. You will find in our strain the true type. It has proven there is none better.

---

PERFECTION PIMENTO—In a class to itself, and is all that can be desired in a canner's pepper. Very productive, smooth, heart-shaped, enormously thick meated, of proper size, perfectly sweet and deep red. We are originators and headquarters for this great canning pepper.

QUALITY PEPPER SEED GROWERS

---

To the Seed Trade:—

In presenting our 1929 price list, we want to thank all who have favored us with their orders.

And we are pleased to offer again our three fancy strains of peppers at prices we know are reasonable. We believe our strains of these varieties are as good as can be had, and if you place your order with us, we are confident we can please you.

We are specializing on these three varieties which practically cover the three standard types of sweet peppers suited to the different demands.

Our aim each year is to bring them to a greater degree of purity and perfection by careful growing, handling and breeding.
